

Created a signup page with basic details of me and a camera option to take a picture or upload a picture from camera roll.

Screen shot of the sign up page:

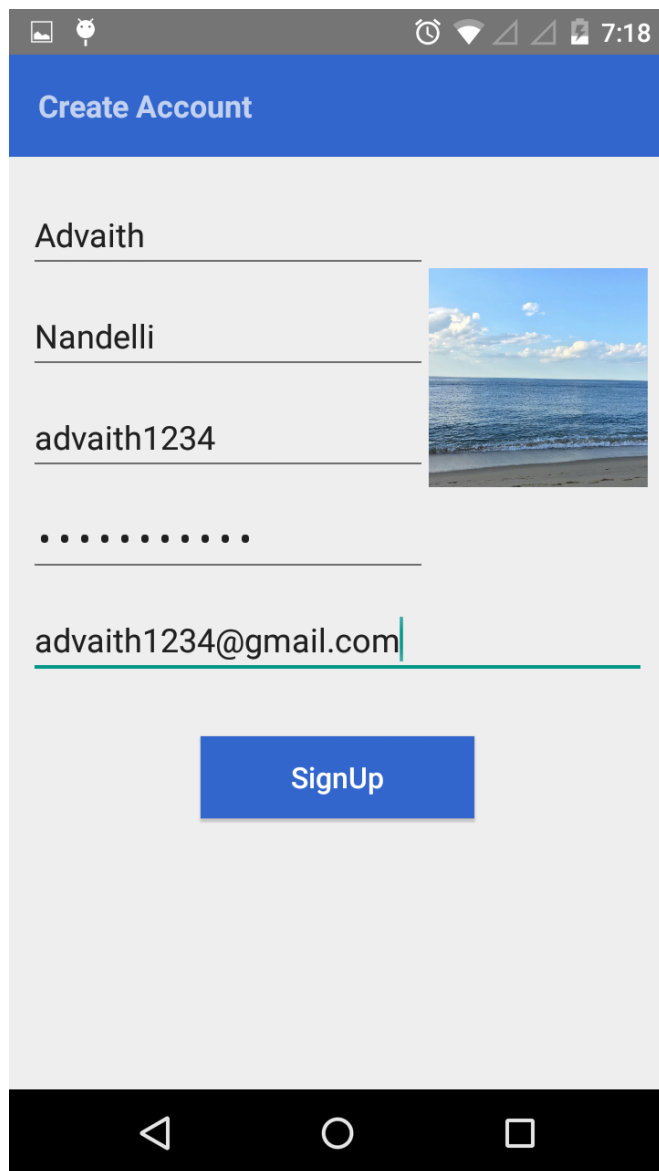

The screenshot shows a mobile application interface for creating an account. At the top, there is a blue header bar with the text "Create Account" in white. Below the header, the page has a light gray background. On the left side, there are five text input fields stacked vertically, each with a label above it: "First Name", "Last Name", "UserName", "Password", and "Enter your email". To the right of these fields is a square image of a camera lens with a purple and blue reflection. Below the image is a small text credit: "shutterstock - 99766226". At the bottom of the form area, there is a blue rectangular button with the text "SignUp" in white. The top of the screen shows a standard Android status bar with icons for signal, Wi-Fi, battery, and the time "7:16". The bottom of the screen shows the Android navigation bar with back, home, and recent apps buttons.

Screen shot of camera button such that it shows take picture or choose from gallery :
